MILWAUKEE: Saturday Morning, May 9.

Barking at the same hole. The News continues to be possessed with idea that by dint of persistent and deliberate falsifications of the Republican doctrines and practice, it can win back to the joint standard proscriptive Know Nothingism and Pro Slave ry Democracy, the thousands of adopted citizens who have abandoned that rotten co-partner ship. Laboring under this delusion, it repeats and re-repeats the old story that in many of the Northern States, at the last Presidential election large numbers of Know Nothings supported the Republican ticket in preference to their own; that in several of these States a like "fusion" has prevailed at more recent elections; and that the constitutional amendment in Connecticut and Massachusette, requiring that all electors, native as well as foreign-born, should be able to read and write, is but "the development of the spite epublicans feel towards adopted citizens" for their general support of Buchanan & Co.: Upon such with hostility to our adopted fellow-citizens and iterates and re-iterates its carnest appeals to that class of voters to stick to their only real, reliable and loving friends, the Sham Democracy.

We cannot find fault with the News for its protracted labors in this part of the political vineyard, since without the united aid of our Adopted Citizens, Sham Democracy is a "goner." Nor do wo wonder that in its zeal to win back these lost sheep, it should wilfully misrepresent facts on our side of the question and carefully suppress then "The truth and the whole truth" on its own. would neither serve its purpose, nor suit its taste. Thus, while it seeks to hold the Republican Party everywhere, responsible for the action of some of its members in certain localities, i utterly refuses to apply the same rule to the Sham Democracy. Because Connecticut and chusetts require all electors, native as well as foreign born, to read and write, the News cries out " see how proscriptive these Republicans are !" But when South Carolina, the most exclusively "Democratic" State in the Union passes a law, aimed especially and solely a Adopted Citizens, requiring them to reside two years in the State, after being naturalized, before they are allowed to vote, when the bogus ; but exceedingly Democratic Legislature of Kansas disfranchises, at a blow, all foreign-born resi dents of that Territory who have not been naturalized; and when, by a "fusion" of Sam and Sham, of Know-Nothings and Democrats, a like illibe ral and anti-Democratic provision is inserted in the Minnesota Bill, the News, conveniently blind of one eye and deaf on one side, neither hears, sees, nor says anything about it! It does not object to "fusion" on its side of the house, nor to proscription-let it be ever so unjust-in "Dem ocratic" States; but its indignation is aroused and its tongue loosened at the slightest manifestation of similar practices in the Republican ranks. This giaring inconsistency does not escape the notice of intelligent Adopted Citizens. They see that the News is nothing but a sunshine friend and selfish advocate. They know that the Republic can Party, in its National, as in our State Plat form, has taken the broad and bold ground of Equal Rights, civil, social and political, for men of all creeds and climes, who make America their home; and knowing this, neither persistent mis representation, nor special plending, nor whining appeals, can win them back from the standard of the true faith, to the cause of Slavery Extending. Freedom-crushing, Sham Democracy.

The Bred Scott Muss ...

The republican papers, almost everywhere, are attempting to make political capital of this case, and to hold the democratic party liable for a decision with which that party had no more to do then after of the Francouse. than either of the Fremonts:

Had the whole democratic party been opposed to the decision of the Supreme Court, it could not have belied it.—Madison Argus.

We do not wonder that the Argus should see to disclaim, for itself and its party, all responsibility for the infamous Dred Scott decision. Nor would that responsibility justly attach to them, if they repudiated this decision. But when the leading men and presses of the Democratic party, not only justify and defend it, but proclaim that its doctrines are the only true test of politi cal orthodoxy, we submit that the Republica papers have abundant cause to hold them liable therefor. If the Argus desires to rid its friends of this uncomfortable liability, let it persuade them to reject, as the Republicans do, the unconstitutional, inhuman and anti-Democratic doctrines of the Dred Scots decision.

WAUESSHA CHARTES ELECTION. -The Waukdsha Charter Election, on Tuesday, last, resulted in the election of W. BLAIR, (Rep.,) President, by 197 votes, against 172 for A. F. PRATT, (Barstow democrat.) The Trustees elect are James Miner, Henry Totten, John Fallen, A. W. Hatch, Amos Smith and M. Newton. P. H. CARRIY, editor of the Democrat and a right good fellow, was elected Treasurer by 353 votes against 19 "scattering"—a flattering testimonial to Mr. CARREY's personal popularity.

Last year, when A. F. PRATT was elected President, the Barstow organs set up a prodigious shout over the result. This year, when be is beaten, they maintain "an expressive silence" on the subject.

Republican Victory in Indianapolis The Republicans carried the city of Indianapolis on Wednesday, the 5th last, electing their Mayor W. J. Wallace over N. B. Taylor, Dem. by 167 majority. The vote stood:

Wallace Taylor, 16 Republican majority

The election was very warmly contested and a heavy vote polled.

DARGEBOUS EXPERIMENT.—The Madison Ar gus, strangely forgetful of its party obligations, is publishing a series of letters from the South (written by JOHN Y. SMITH,) which are nothing but "Black Republican" tracta in disguise, and will subject the Argus to be selzed and suppress ed, at any Southern Post-Office, as an "incendiary Abolition sheet". The News should remon strate with its imprudent yoke-fellow.

Col. Benton.-This distinguished, but erration politician, has arrived sately at his home in St Louis. He finds that city in the hands of the emancipationists, the people not having been moved by his demonstration of surprise and mortification" to refrain from electing officers favorable to the abolition of Slavery. He finds Mayor Wimer a greater man than Col. Benton,

day next.

The Detroit Advertiser announces the arrival from Cawego of the Schooner Wm. Sanderson, with 250 tons of rails for the Detroit & Milwaukee Railway, being the fourth cargo received this sessen.

MICHIGAN SOUTHERN RAILBOAD.—The directors of the Michigan Southern Railroad Company have chosen Enwis C. Litterrigin President and J. A. C. GRAY Treasurer of the company.

DEATH OF A VETERAN SHIP BUILDER.—The Sandasky Register notices the death of Captain BATES of Milan, Ohio, well known around the laket as very extensively engaged in ship building, for several years past.

The New Cent.

The Dallas Clarendon Treaty. Some of our eastern exchanges are endeavor ing to make their readers unhappy over the reaction by England, of the treaty concluded between this country and England, on the subject grounds the News charges the Republican party of Central American affairs. They see it in the effect of Lord Palmerston's spite against our government, on account of the "snubbing" of England in the Crampton case. The following despatch from Washington to one of the New

York pepers, probably gives nearly the truth of the matter: WASHINGTON May 5. The Dallas Clarenden treaty does not go into sffect, and for this reason: The treaty between Eogland and Honduras, relative to the Island of natan, has not yet been ratified by Honduras. Ruatan, has not yet been ratified by Honduras.
Until this is done, some of the provisions of the
Dallas Clarendon treaty cannot properly, in the
view of the English government, be accepted. I
have it from undouted authority that neither the
President, nor Lord Napier regard this result as
at all likely to interrupt the present friendly relations of the two countries.

"MURDER IN WATERTOWN."—The Milwaukee Sentine! of last Monday, published a letter purporting to be from "Mr. C. Shepard," giving an account of a murder and robbery, said to have taken place in or near this city on the 4th inst. The place in or near this city on the 4th inst. The whole story is a fabrication. No such event has happened here—at least none of our citizens know anything about it. No such parties as those named are recognized here.—Watertown

porting to be from Mr. C. Shepard." What we published was a letter to Mr. Shepard, of this city, giving details of a murder, as our Reporter understood it, near Watertown, but as subsequently appeared near Wautoma. The facts have since been verified, as doubtless the Democrat has loarned ere this. The Wisconsin of last evening blindly copies the Watertown paper's paragraph, without stopping to say that the provider instead of being the fabrication? The Sentinel never published any letter " pur per's paragraph, without stopping to say that the might be sold from them, or they from him.—

Republican newspaper is shortly to be established. AN OLD MAN. - Peter Nassau, of Pomirci, Vt. AN OLD MAN.—Peter Nassau, of Pomirct, Vt., aged one hundred and twenty-six years, was in town on Monday. Apparently he is as vigorous as most men at 75, or 80. Peter is a colored man—the oldest "citizen" of Vermont and probably of the Upion. Had Judge Taney enquired of Peter, he would probably have learned that colored men were "citizens," freemen and voters, prayious, at and subsequent, to the adoption of previous, at and subsequent to the adoption of the Constitution.—Montpelier Watchman, May 1.

There is an older citizen than "Peter Nassau," n this State. He is called "Old Crele" and was born in Montreal 130 years ago. His memory a distinct for a period of 117 years. EMIGRATION FROM PRUSSIA .- The Cleveland Herald has seen a letter from Berlin, which states that numerous families, wealthy farmers from the provinces of Pomerania, Posen, &c., had passed through that city, on their way to America. A party of 700 embarked at Hamburgh for New York, and another of 300 from emen. Nearly all the families have relatives settled in the United States, who have invited hem to follow their example.

WASHINGTON UNIVERSITY, St. Louis. - Several liberal donations have been made towards the endowment of this institution. Among the gifts for the so called Practical Department is land worth 60,000 dollars, by John O'Fallon, and 20,-000 dollars in money by other friends. John Horn of St. Louis has also offered 30,000 additional to purchase land, and Mr. O'Fallon 27,000 towards completing the institution.
